The parties hereto acknowledge and agree that (x) the Prior Transferred Assets and any Equipment and Equipment Leases transferred pursuant to the Prior Agreement and which the Transferee holds as of the Effective Date are listed on Schedule I hereto (collectively, the “*Effective Date Transferred Assets*”), and (ii) such Effective Date Transferred Assets may be replaced, or the Transferor may make further substitutions, additions of replacements of the Effective Date Transferred Assets, from time to time in accordance with the terms hereof.

2.2. Subject to the terms and conditions of this Agreement, the Transferor may, from time to time and subsequent to the date hereof, in its sole discretion, and subject to a related Bill of Sale and Assignment and Assumption Agreement, sell, transfer, assign, set over and otherwise convey to the Transferee all rights, title and interest of the Transferor in and to certain (i) Equipment, (ii) Equipment Leases and all mileage credits and rental and other amounts payable pursuant to the terms of such leases that accrue on or after the date of such transfer, (iii) all guarantees, cash deposits or other credit support relating to the amounts owing pursuant to such leases, but only so far as the foregoing apply to the leases and (iv) all income, payments and proceeds of the foregoing (the items described in clauses (i) through (iv) collectively, (the “*Future Transferred Assets*”), in exchange for (x) a cash purchase price, (y) the acceptance of a capital contribution in an amount equal to the aggregate fair market value of all such Future Transferred Assets or (z) a combination thereof.

2.3. Each such transfer shall include all right, title and interest of the Transferor in and to (i) specified equipment, (ii) the leases and all mileage credits and rental and other amounts payable pursuant to the terms of such leases that accrue on or after the date of such transfer, (iii) all guarantees, cash deposits or other credit support relating to the amounts owing pursuant to such leases, but only so far as the foregoing apply to the leases and (iv) all income, payments and proceeds of the foregoing (the items described in clauses (i) through (iv) collectively, the “*Replacement Transferred Assets*,” and together with the Effective Date Transferred Assets and the Future Transferred Assets, the “*Transferred Assets*”). 2.4. Except as specifically provided in this Agreement or the Prior Agreement, the transfer of Prior Transferred Assets and the Transferred Assets under this Agreement and the Prior Agreement were made and shall be made, as applicable, without recourse to the Transferor; it being understood that Transferor shall be liable to Transferee for all representations, warranties, covenants and indemnities made by such Transferor pursuant to the terms of this Agreement, all of which obligations are limited so as not to constitute recourse to Transferor for the credit risk of the Users (as defined in the Management Agreement) or any other obligor under the related Equipment Leases or the residual value of the Equipment.

2.5. The general provisions regarding the transfer of the Transferred Assets are as follows:

(1) The Transferor and the Transferee intended and shall intend all transfers of Transferred Assets to be a "true sale" or "true contribution" by the Transferor to the Transferee that is absolute and irrevocable and that provides the Transferee with the full benefits of ownership of the Transferred Assets, and neither the Transferor nor the Transferee intended, nor shall intend, the transactions contemplated by the Prior Agreement or under this Agreement to be, or for any purpose to be characterized as, loans from the Transferee to the Transferor. It was not, and shall not be, the intention of the Transferee and the Transferor that the conveyance of the Transferred Assets by the Transferor be deemed a grant of a security interest in the Transferred Assets by the Transferor to the Transferee to secure a debt or other obligation of the Transferor, except to the limited extent contemplated in Article 9 of the UCC in respect of sales of certain financial assets. However, in the event that, notwithstanding the intent of the parties, any Transferred Assets were or are considered to be property of the Transferor's estate, then (i) this Agreement also shall be deemed to be, and hereby is, a security agreement within the meaning of Articles 8 and 9 of the UCC, and (ii) the conveyance of the Transferred Assets by the Transferor provided for in the Prior Agreement and hereunder shall have been deemed to be a grant by the Transferor to the Transferee of, and the Transferor hereby grants to the Transferee, a security interest in and to all of the Transferor's right, title and interest in, to and under the Transferred Assets, whether now or hereafter existing or created, to secure (1) the rights of the Transferee hereunder, (2) a loan by the Transferee to the Transferor in an amount equal to the FMV of such Transferred Assets, and (3) without limiting the foregoing, the payment and performance of the Transferor's obligations (whether monetary or otherwise) to the Transferee hereunder. The Transferor and the Transferee shall, to the extent consistent with this Agreement, take such actions as may be necessary to ensure that, if this Agreement were deemed to create a security interest in the Transferred Assets, such security interest would be deemed to be a perfected security interest of first priority in favor of the Transferee under applicable law and will be maintained as such throughout the term of this Agreement.

(2) Consistent with the Transferee's ownership of the Transferred Assets, as between the Transferor and the Transferee, the Transferee has the sole right to service, administer and collect the Transferred Assets and to assign and/or delegate such right to others.

(3) The Transferee has no obligation to account to the Transferor for the Transferred Assets. The Transferee has no obligation to account for, or to return rental payments on or with respect to a Transferred Asset, or any interest or other finance charge collected pursuant thereto, to the Transferor, irrespective of whether such collections and charges are in excess of the FMV of the Transferred Assets. The Transferee has the sole right to retain any gains or profits created by buying, selling or holding the Transferred Assets and has the sole risk of and responsibility for losses or damages created by such buying, selling or holding.

2.6. Transferee has and shall have the unrestricted right to further assign, transfer, deliver, hypothecate, subdivide or otherwise deal with the Transferred Assets, and all of Transferee's right, title and interest in, to and under this Agreement, on whatever terms Transferee shall determine, pursuant to this Agreement or otherwise.

2.7. Transferor agrees to deliver directly to Transferee, within two Business Days after receipt and identification thereof, any collections or other amount with respect to the Transferred Assets that it receives and that accrued from and after the date hereof, in the form so received, and agrees that all such collections and other amounts shall be deemed to be received in trust for Transferee and shall be maintained and segregated separate and apart from all other funds and moneys of Transferor until delivery of such collections to the Transferee.

Section 3. Representations; Warranties and Covenants.

3.1. The Transferor represents and warrants to the Transferee that:

(1) Organization; Powers. The Transferor (i) is a limited liability company duly formed, validly existing and in good standing under the laws of the State of Delaware, (ii) has all requisite power to own its property and assets and to carry on its business as now conducted and as proposed to be conducted, (iii) is qualified to do business in every jurisdiction where such qualification is required, except where the failure to so qualify would not have a material adverse effect on the performance by the Transferor of its obligations under this Agreement, and (iv) has the power and authority to execute, deliver and perform its obligations under this Agreement.

(2) Authorization; Conflicts. The execution, delivery and performance by the Transferor of this Agreement and the performance of the transactions contemplated hereby (i) have been duly authorized by all requisite action and (ii) will not (A) violate (1) any provision of law, statute, rule or regulation the effect of which would be to cause or be reasonably expected to have a material adverse effect on the ability of the Transferor to perform any of its obligations under this Agreement, (2) any order of any governmental authority having proper jurisdiction over the Equipment or the Equipment Leases, (3) any provision of the organizational documents of the Transferor, or (4) any provision of any indenture, loan agreement or other material agreement to which the Transferor is a party or by which it or any of its property is or may be bound, (B) be in conflict with, result in a breach of or constitute (alone

or with notice or lapse of time or both) a default under any such indenture, loan agreement or other material agreement or (C) result in the creation or imposition of any Lien upon or with respect to the Equipment and the Equipment Leases except for Liens to be created by this Agreement.

(3) Enforceability. This Agreement has been duly authorized, executed and delivered by the Transferor and constitute the legal, valid and binding obligations of the Transferor enforceable against the Transferor in accordance with their terms, subject to bankruptcy, insolvency, reorganization, moratorium or similar laws affecting creditors' rights generally and subject to general principles of equity (regardless of whether enforcement is sought in a proceeding in equity or at law).

(4) Title and Ownership. On the date of the contribution or sale of any of the Effective Date Transferred Assets to the Transferee, the Transferor was the sole legal and beneficial owner of the Equipment and the Equipment Leases and had full power and lawful authority to transfer, convey and assign to the Transferee all of the Transferor's right, title and interest in and to the Equipment, the Equipment Leases and the other Effective Date Transferred Assets in the manner contemplated pursuant to the Prior Agreement, as applicable. The provisions of the Prior Agreement and any applicable Bill of Sale and Assignment and Assumption Agreement were effective, respectively, to convey to, and vest in, the Transferee ownership of the Equipment and all of the Transferor's rights under the Equipment Leases and the other Effective Date Transferred Assets, and the Transferee is entitled to exercise all rights of the lessor under such Equipment Leases (including the right of enforcement). After giving effect to the consummation of the transactions contemplated hereby, neither the Transferor nor any person claiming under or through the Transferor has any valid claim to or interest in the Equipment or the Equipment Leases except those holding Permitted Liens.

(5) Liens. The Equipment and the Equipment Leases are free from all Liens other than Permitted Liens. Upon execution of the Prior Agreement and any related Assignment and Assumption Agreement and Bill of Sale, legal title to the Equipment, subject to the Equipment Leases, and all rights and benefits under the Equipment Leases passed to the Transferee. After giving effect to the consummation of the transactions contemplated thereby, neither the Transferor nor any person claiming under or through the Transferor had, or currently has a valid Lien on the Equipment other than Permitted Liens.

(6) Government Approvals. Except for such consents, approvals, authorizations, filings or declarations that have previously been made and that were and are in full force and effect (the "**Required Consents**"), no consent, approval or authorization from, or filing or declaration with, any Governmental Authority or any industry regulatory authority (including the Association of American Railroads) was required to be made by the Transferor to give the Transferee a perfected ownership interest in the Equipment and the Equipment Leases or for the consummation of the transactions contemplated by the Prior Agreement.

(7) Marking of Equipment. The marking or remarking of any of the railcars included in the Equipment is not required by law to protect properly the Transferee's interest therein.

(8) Sophistication. The Transferor has such knowledge, sophistication and experience in business and financial matters to be capable of evaluating the merits and risks of the prospective investment in the Transferee. The Transferor is able to bear the economic risk of an investment in the Transferee and, at the present time, is able to afford a complete loss of such investment. The Transferor represents that it has made its own investigation whether or not to invest in the Transferee.

(9) Offices. The Transferor's principal place of business, chief executive office and the offices where it keeps all of its records is located at the address set forth in Section 7 hereof, and have been located at such address for the previous six months.

(10) Ordinary Course; No Insolvency. The transactions contemplated by this Agreement are being consummated by the Transferor in furtherance of the Transferor's ordinary business purposes and constitute a practical and reasonable course of action by the Transferor designed to improve the financial position of the Transferor, with no contemplation of insolvency and with no intent to hinder, delay or defraud any of its present or future creditors. Neither as a result of the transactions contemplated by this Agreement, nor immediately before or after such transactions, will the Transferor be insolvent or have an unreasonably small capital for the conduct of its business and the payment of anticipated obligations.

(11) Equipment and Equipment Leases. As of the Effective Date, and only with respect to the Effective Date Transferred Assets:

(i) The list of Equipment Leases and Equipment and all information with respect thereto set forth in Schedule I hereto was accurate, true and correct in all material respects and was sufficient to identify the railcars comprising the Equipment included in the Effective Date Transferred Assets. Each of such Equipment Leases was in full force and effect and enforceable in accordance with its terms (assuming due authorization, execution and delivery by the Equipment Lessee party thereto), each Equipment Lessee and the Transferor as lessor was in compliance in all material respects with all material provisions of the related Equipment Lease, and the Transferor was not aware of any material default under any of the Equipment Leases.

(ii) Each Equipment Lease (assuming due authorization, execution and delivery by the Equipment Lessee party thereto) was valid and enforceable in accordance with its terms, is non-cancelable, all sums payable thereunder were payable in the amounts and at the times stated therein and no part thereof had been prepaid, released or modified, or encumbered or disposed of by the Transferor and all the rights and obligations of the lessor with respect to each Equipment Lease and all scheduled payments thereunder were assignable by the lessor without the consent of the related Equipment Lessee or any other Person, other than consents which, in respect of the assignment thereof to the Transferee, had previously been obtained; any and all sums of money previously paid by any Equipment Lessee thereunder as advance payments or deposit of security had been fully disclosed to Transferee and the Agent; each Equipment Lease had been entered into in the ordinary course of business, had been duly authorized and executed by bona fide, legally competent Equipment Lessees, was the entire agreement with each such Equipment Lessee relating to the Equipment covered thereby, had not been modified, cancelled or waived in any respect, and none of the Transferor's rights thereunder had been released,

modified, encumbered or disposed of; any consent, approval, authorization of, or registration, declaration or filing with, any Governmental Authority (federal, state or local, domestic or foreign) required in connection with the execution, delivery or performance of any Equipment Lease by the Transferor or Transferee had been obtained; the Equipment covered by any Equipment Lease has been delivered, was in good working order, had been maintained in compliance with all the Association of American Railroads's mechanical regulations and industry commercial standards for revenue interchange loading, had been used for the purpose for which it was built and shall have had been accepted by the applicable Equipment Lessee as being in a condition which complies with the terms and conditions of such Equipment Lease; and all financial and credit information that the Transferor may at any time furnish or have furnished to the Transferee or the Agent relating to the Equipment Lessee under each Equipment Lease was, to the best of the Transferor's knowledge, true, complete and not misleading.

(iii) All of the Equipment included in the Effective Date Transferred Assets was subject to an Equipment Lease (other than such Equipment with respect to which the Servicer was undertaking efforts to re-lease in the ordinary course of business pursuant to the Management Agreement).

(iv) With respect to each Equipment Lease, the Collateral Agent was in possession of an original of such Equipment Lease. No Equipment Lessee was in possession of any Equipment Lease that by its express terms was the chattel paper original of any Equipment Lease or any original receipt therefor.

(12) Making of Records. The Transferor has marked its master accounting and data processing records to evidence the conveyance of the Effective Date Transferred Assets by the Transferor to the Transferee.

(13) The representations of the Borrower in Section 4.1 of the Loan Agreement, insofar as specifically applicable to Transferor as stated therein, are correct in all material respects.

3.2. The Transferee represents and warrants to the Transferor that:

(1) Organization; Powers. The Transferee (i) is a limited liability company duly formed, validly existing and in good standing under the laws of the State of Delaware, (ii) has all requisite power and authority to own its property and assets and to carry on its business as now conducted and as proposed to be conducted, (iii) is qualified to do business in every jurisdiction where such qualification is required, except where the failure to so qualify would not have a material adverse effect on the performance by the Transferee of its obligations under this Agreement, and (iv) has the power and authority to execute, deliver and perform its obligations under this Agreement.

(2) Authorization. The execution, delivery and performance by the Transferee of this Agreement and the performance of the transactions contemplated hereby (i) have been duly authorized by all requisite action and (ii) will not violate any provision of law, statute, rule or regulation the effect of which would be to cause or be reasonably expected to

have a material adverse effect on the ability of the Transferee to perform any of its obligations under this Agreement.

(3) Enforceability. This Agreement has been duly authorized, executed and delivered by the Transferee and constitute the legal, valid and binding obligations of the Transferee enforceable against the Transferee in accordance with their terms, subject to bankruptcy, insolvency, reorganization, moratorium or similar laws affecting creditors' rights generally and subject to general principles of equity (regardless of whether enforcement is sought in a proceeding in equity or at law).

(4) Organization Documents. The Transferee has heretofore delivered to the Transferor true and complete copies of its Operating Agreement.

(5) Ownership of Transferee. The Transferor is the sole member of the Transferee.

Section 4. Further Assurances.

4.1. The Transferor agrees that at any time and from time to time at Transferee's expense, the Transferor shall promptly and duly execute, deliver, file, register and record any and all such further instruments and documents and take such further actions as required by law or as the Transferee may reasonably request in writing in order (i) to protect the title and ownership of the Transferee to the Equipment, the Equipment Leases and the proceeds therefrom (including, but not limited to, the filing of applicable continuation statements under the Uniform Commercial Code to continue the perfection of the Transferee's interest in the Equipment Leases) and (ii) to permit the Transferee to obtain the full benefits of this Agreement and the rights and powers herein granted.

4.2. The Transferor hereby covenants and agrees that at any time after the date hereof, at Transferor's expense, the Transferor shall take any action reasonably requested by the Transferee to allow the Transferee to effectuate the assignment of the Equipment Leases or to perform the obligations of, or enforce all of the rights, title and interest of, the lessor under the Equipment Leases, insofar as they relate to the Equipment, including, without limitation, the performance and enforcement of all rights of the Transferee as lessor under the Equipment Leases and submission to the jurisdiction of any court in which the Transferee seeks to enforce its rights, title and interest in such Equipment Leases.

4.3. At the request of the Transferee, the Transferor will have the right (exercisable solely at the option of the Transferee) to provide to the Transferee additional capital contributions (consisting of cash and/or Equipment) not otherwise addressed in Sections 2.1 and 2.2 of this Agreement in an aggregate amount of not more than four percent (4%) of the initial principal balance of the Loan on the Closing Date.

Section 5. Bring-down of Representations, Warranties and Covenants. In connection with the contribution of any Future Transferred Asset or Replacement Transferred Asset, if any, the representations, warranties and covenants of Transferor set forth in Section 3 shall be true and correct as of the applicable closing date of such contribution; provided, however, that: (i) any reference to "Effective Date Transferred Assets" contained in such representations,

warranties and covenants shall only refer to such Future Transferred Assets or Replacement Transferred Assets, as applicable, being contributed in connection with such closing; (ii) any reference to “Prior Agreement” contained in such representations, warranties and covenants shall refer to this Agreement; (iii) any reference to “Effective Date” contained in such representations, warranties or covenants shall refer to the applicable closing date and (iv) any use of the past tense in such representations, warranties, and covenants shall be deemed to include the correlative present tense for purposes of any such closing.

Section 6. Indemnification; Limitation on Liability.

6.1. Obligation of the Transferor To Indemnify. The Transferor agrees to indemnify, defend and hold harmless the Transferee (and its directors, officers, employees, affiliates, successors and assigns) from and against all losses, liabilities, damages, deficiencies, demands, claims, actions, judgments or causes of action, assessments, costs or expenses (including, without limitation, interest, penalties and reasonable attorneys’ fees and disbursements) (“*Losses*”) based upon, arising out of, or otherwise in respect of (i) any inaccuracy in or any breach of any representation, warranty, covenant or agreement of the Transferor contained in this Agreement, and any related Bill of Sale or the Assignment and Assumption Agreement and (ii) the ownership, rental, maintenance, use or operation of the Equipment and the related Equipment Leases prior to the date of the initial transfer under the Prior Agreement. After the date hereof, the Transferee’s sole remedy for any breach of any representation or warranty of the Transferor expressly set forth in this Agreement shall be for indemnification pursuant to this Section 6. The Transferor will not be obligated to indemnify the Transferee (and its directors, officers, employees, affiliates, successors and agents) to the extent that providing such indemnity would constitute credit recourse in favor of the Transferee against the Transferor for losses due to the uncollectability of sales proceeds (or failure to obtain any particular amount of sales proceeds) in respect of an item of Equipment due to a diminution in the market value of such Equipment or the uncollectability of an Equipment Lease or other third party payment due to the insolvency, bankruptcy or financial inability to pay of the related Lessee or other third party.

6.2. Obligation of the Transferee To Indemnify. The Transferee agrees to indemnify, defend and hold harmless the Transferor (and its directors, officers, employees, affiliates, successors and assigns) from and against all Losses based upon, arising out of, or otherwise in respect of any inaccuracy in or any breach of (i) any representation, warranty, covenant or agreement of the Transferee contained in this Agreement, and any related Bill of Sale or the Assignment and Assumption Agreement and (ii) the ownership, rental, maintenance, use or operation of the Equipment and the related Equipment Leases on and after the date hereof. After the date hereof, the Transferor’s sole remedy for any breach of any representation or warranty of the Transferee expressly set forth in this Agreement shall be for indemnification pursuant to this Section 6. The amounts payable by the Transferee to the Transferor, under this Section 6.2 shall be non-recourse to the Transferee and shall not constitute a claim (as defined in Section 101(5) of the Bankruptcy Code) against the Transferee or the Transferred Assets in the event such amounts are not paid.

6.3. Notice and Opportunity To Defend.

(1) Notice of Asserted Liability. Promptly after receipt by any party hereto (the “*Indemnitee*”) of notice of any demand, claim or circumstances, which, with a lapse of time, would or might give rise to a claim or the commencement (or threatened commencement) of any action, proceeding or investigation (the “*Asserted Liability*”) that may result in a Loss, the Indemnitee shall give notice thereof (the “*Claims Notice*”) to any other party obligated to provide indemnification pursuant to Section 6.1 or 6.2 (“*Indemnifying Party*”). The Claims Notice shall describe the Asserted Liability in reasonable detail and shall indicate the amount (estimated if necessary and to the extent feasible) of the Loss that has been or may be suffered by the Indemnitee.

(2) Opportunity To Defend. The Indemnifying Party may elect to compromise or defend, at its own expense and by its own counsel, any Asserted Liability. If the Indemnifying Party elects to compromise or defend such Asserted Liability, it shall, within thirty (30) days (or sooner, if the nature of the Asserted Liability so requires), notify the Indemnitee of its intent to do so, and the Indemnitee shall cooperate, at the expense of the Indemnifying Party, in the compromise of, or defense against, such Asserted Liability. If the Indemnifying Party elects not to compromise or defend the Asserted Liability, fails to notify the Indemnitee of its election as herein provided or contests its obligation to pay an indemnity under this Agreement, the Indemnitee may pay, compromise or defend such Asserted Liability. Notwithstanding the foregoing, neither the Indemnifying Party nor the Indemnitee may settle or compromise any claim over the objection of the other; provided, however, that consent to settlement or compromise shall not be unreasonably withheld. In any event, the Indemnitee and the Indemnifying Party may participate, at their own expense, in the defense of any such Asserted Liability. If the Indemnifying Party chooses to defend any claim, the Indemnitee shall make available to the Indemnifying Party any books, records or other documents within its control that are necessary or appropriate for such defense.

(3) Limitations on Liability; Payments. The aggregate liability of the Transferor for indemnification under this Section 6 and for all breaches of its representations or warranties expressly set forth herein shall be limited to the FMV. All indemnification payments shall be made by the Transferor in immediately available funds, without set-off.

Section 8. Amendment.

Section 9. Successors and Assigns.

Neither party may assign any of its rights or obligations under this Agreement without the prior written consent of the other party; provided, however, that it is agreed and understood that the Transferee may assign its rights hereunder. All covenants and agreements in this Agreement made by or on behalf of the parties hereto shall bind and inure to the benefit of the respective successors and assigns of the parties hereto whether so expressed or not. Each of the parties hereto hereby acknowledges that the Transferee has assigned as collateral security all of its rights under this Agreement to the Secured Party for the benefit of the Lenders under the Loan

The Transferor hereby acknowledges and agrees that the Transferor's representations, warranties, covenants and agreements are relied upon by the Agent and by each Lender in its making or acquiring Loans under the Loan Agreement.

Section 10. Counterparts.

ASSIGNMENT AND ASSUMPTION AGREEMENT

FORM OF ASSIGNMENT AND ASSUMPTION AGREEMENT

ASSIGNMENT AND ASSUMPTION AGREEMENT (the "Agreement"), dated as of _____, _____, between AMERICAN RAILCAR LEASING LLC, a Delaware limited liability company (the "Transferor"), and ARI First LLC, a Delaware limited liability company (the "Transferee"). Capitalized terms used but not otherwise defined herein shall have the respective meanings ascribed to them in the Contribution Agreement (as defined below).

WHEREAS: the Transferee and the Transferor have entered into that certain Amended and Restated Contribution Agreement, dated as of September 28, 2016 (as amended, restated, supplemented or otherwise modified from time to time, the "Contribution Agreement"), in order to, among other things, provide for the ability of the Transferor to contribute additional Equipment and Leases (as such terms are defined therein) to the Transferee from time to time; and

WHEREAS: the parties now desire to carry out the intent and purpose of the Contribution Agreement by, among other things, the parties' execution and delivery of this instrument evidencing the assignment by the Transferor of all of its rights, title and interest in and to the Equipment Leases, to the extent they relate to the Equipment, to the Transferee.

NOW, THEREFORE, in consideration of the premises and of other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereby agree as follows:

1. For purposes of this Agreement, "Equipment Leases" means all current leases of any one or more railcars included in the Equipment and all other contracts for use of any one or more railcars included in the Equipment more specifically described on Schedule 1 hereto, including, without limitation, all extensions, renewals, supplements and modifications of any of the foregoing. If any of the Equipment Leases (including, without limitation, any master lease) shall include both Equipment and railcars not part of the Equipment, then such Equipment Leases shall be subject to this Agreement only to the extent they cover Equipment; and, for purposes of this Agreement, the term Equipment Lease shall mean a lease (including without limitation, the provisions of any master lease) only insofar as such lease applies to Equipment subject to this Agreement.

2. Effective as of the date hereof, the Transferor hereby sells, transfers, assigns, conveys, grants and sets over to the Transferee, its successors and assigns forever, all of the Transferor's rights, title and interest as of such date in and to the Equipment Leases, as fully and entirely as the same would have been held and enjoyed by the Transferor as if this assignment had not been made.

3. Effective as of the date hereof, the Transferee accepts, assumes, takes over and succeeds to all of the Transferor's rights, title and interest as of such date in and to the Equipment Leases, and the Transferee hereby covenants and agrees to discharge, perform and comply with, and to be bound by, all the terms, conditions, provisions, obligations, covenants and duties of the Transferor under the Equipment Leases (but only to the extent it relates to the period from and after the date hereof), as if the Transferee were an original party thereto.

4. The Transferor hereby covenants and agrees that, at any time and from time to time after the date hereof, at the request and expense of the Transferee, the Transferor will promptly and duly execute and deliver, or cause to be executed and delivered, to the Transferee all such further instruments and take all such further action as may be reasonably requested by the Transferee to more effectively sell, transfer, assign, convey, grant and set over the Equipment Leases to the Transferee.

5. The Transferee hereby covenants and agrees that, at the request and expense of the Transferor, it will hereafter execute any further assumptions or instruments of transfer or conveyance as may be reasonably requested by the Transferor to assume the Equipment Leases or to release the Transferor and its affiliates from their obligations under or on account of the Equipment Leases so long as such release will not prejudice the Transferee's rights, title and interest in and to the Equipment Leases.

6. This Agreement shall be binding upon the Transferee and the Transferor, their respective successors and permitted assigns, for the use and purposes set forth and referred to herein, effective as of the date hereof.

7. Nothing contained in this Agreement shall be construed to expand, limit, or otherwise modify or terminate the representations, warranties and covenants set forth in the Contribution Agreement. To the extent the transfer of the Equipment Leases hereunder is characterized as a loan from the Transferee to the Transferor, then the conveyance by the Transferor shall be deemed to be a grant by the Transferor to the Transferee of a security interest in all of the Equipment Leases and Transferor does hereby grant to the Transferee a security interest in all of such Equipment Leases.

8. Governing Law. This Agreement shall in all respects be governed by, and construed in accordance with, the laws of the State of New York (other than the conflict of law principles thereof, except for Section 5-1401 and Section 5-1402 of the New York General Obligations Law) and shall be binding upon and inure to the benefit of the Transferee and the Transferor and their respective successors and permitted assigns.

9. Counterparts. This Agreement may be executed in two or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. Any counterpart signature delivered by facsimile shall be equally effective as delivery of an originally executed counterpart.
