Notwithstanding anything contained in this Agreement to the contrary, the parties hereto hereby acknowledge and agree that the Assignor's representations, warranties and covenants with respect to the perfection of the security interests granted hereunder in the Vehicles are qualified to the extent that under the laws of the various jurisdictions in which any Vehicle is registered a security interest in such Vehicle is perfected by the Collateral Agent maintaining possession of the certificate of the title with respect to any such Vehicle.

2.2. No Liens. The Assignor is, and as to Collateral acquired by it from time to time after the date hereof the Assignor will be, the owner of all Collateral free from any Lien, security interest, encumbrance or other right, title or interest of any Person (other than Liens

Drawer 1410, 1600 East Hill Street, Long Beach, California 90801. The Assignor shall not establish a new location for its chief executive office until (i) it shall have given to the Collateral Agent not less than 30 days' prior written notice of its intention so to do, clearly describing such new location and providing such other information in connection therewith as the Collateral Agent may reasonably request, and (ii) with respect to such new location, it shall have taken all action, reasonably satisfactory to the Collateral Agent, to maintain the security interest of the Collateral Agent in the Collateral intended to be granted hereby at all times fully perfected and in full force and effect.

All of the railroad cars owned on the date hereof by the Assignor (other than Excluded Railcars) are of the type, quantity and bear the serial numbers as indicated on Annex B hereto (the "Railcars") and the only prior owners of the Railcars were Pyrofax Gas Corporation, Tropigas USA Inc., Texas Eastern Corporation and Petrolane Incorporated. The Assignor agrees that prior to its acquiring any Railcar, or any interest in any Railcar, subsequent to the date hereof, it shall have (i) given the Collateral Agent prior written notice of its intention so to do, clearly describing such Railcar (or interest therein) and providing the type, quantity and serial number of each such Railcar and providing such other information in connection therewith as the Collateral Agent may reasonably request and (ii) with respect to each such subsequently acquired Railcar or interest therein, taken such action reasonably satisfactory to the Collateral Agent as is necessary or appropriate to create, preserve, protect and perfect the security interest of the Collateral Agent in such Railcar (or interest therein) intended to be granted hereby.

The Assignor agrees that (i) all Equipment (other than Equipment the fair market value of which does not exceed $150,000 and other than the Railcars, Vehicles, Tanks, Cylinders and aircraft) now held or subsequently acquired by it shall be kept at (or shall be in transport to) any one of the locations shown on Annex C hereto under the name of the Assignor, or such new location as the Assignor may establish in accordance with the last sentence of this Section 2.6. The Assignor may establish a new location for Equipment (other than the Railcars, Vehicles, Tanks, Cylinders and aircraft) only if (i) it shall have given to the Collateral Agent prior written notice of its intention so to do, clearly describing such new location and providing such other information in connection therewith as the Collateral Agent may reasonably request, and (ii) with respect to such new location, it shall have taken such action reasonably satisfactory to the Collateral Agent as is necessary or appropriate to maintain the security interest of the Collateral Agent in the Collateral intended to be granted hereby at all times fully perfected and in full force and effect.

(a) All vehicles (other than the Excluded Vehicles) owned on the date hereof by the Assignor are of the type and quantity, bear the certificate of title numbers and are registered in the jurisdictions listed on Part I of Annex D hereto (the "Vehicles"). The Assignor agrees that after acquiring any Vehicle subsequent to the date hereof, it shall (i) give the Collateral Agent written notice of such acquisition in accordance with Section 10.9(c) hereof and provide the type(s), quantity, certificate of title number(s) and jurisdiction(s) of registration of each such Vehicle and provide such other information in connection therewith as the Collateral Agent may reasonably request and (ii) with respect to each such subsequently acquired Vehicle, take such action reasonably satisfactory to the Collateral Agent as is necessary or appropriate to create, preserve, protect and perfect the security interest of the Collateral Agent in such Vehicle intended to be granted hereby. (b) Notwithstanding anything to the contrary contained in Section 1.1(a), in the event the Assignor shall not have sold the Excluded Vehicles by December 31, 1990, the Assignor shall promptly notify the Collateral Agent thereof in writing and, if requested by the Collateral Agent, the Assignor shall take such action, reasonably satisfactory to the Collateral Agent, as is necessary or appropriate to create, preserve, protect and perfect a security interest in favor of the Collateral Agent in each Excluded Vehicle which is still owned by the Assignor at

that time. Upon each Excluded Vehicle becoming subject to the security interests granted hereunder, each such Excluded Vehicle shall be subject to such security interests in the same manner and to the same extent as the Vehicles and shall for all purposes thereafter be a Vehicle.

2.8 Location of Tanks and Cylinders. (a) All of the Tanks and Cylinders held on the date hereof by the Assignor are located in the states listed on Annex E hereto and in those counties listed on Annex E where (as indicated in various memoranda of law received by the Assignor) filings, registrations and recording of financing statements in the appropriate filing offices in those counties are necessary or appropriate to create, preserve, protect and perfect the security interest granted by the Assignor in the Tanks and Cylinders. The Assignor agrees that (i) all of the Tanks and Cylinders now held or subsequently acquired by it shall be located in (or shall be in transport to) any one of the states or counties shown on Annex E hereto, or such new location as the Assignor may establish in accordance with the last sentence of this Section 2.8. The Assignor may establish a new location for the Tanks and Cylinders only if (i) it shall give written notice to the Collateral Agent within 60 days after establishing such new location, clearly describing such new location and providing such other information in connection therewith as the Collateral Agent may reasonably request, and (ii) with respect to such new location, it shall take all action reasonably satisfactory to the Collateral Agent to maintain the security interest of the Collateral Agent in the Collateral intended to be granted hereby at all times thereafter fully perfected and in full force and effect.

(b) Notwithstanding anything to the contrary contained in this Agreement, the parties hereto hereby acknowledge and agree that certain of the Tanks may be deemed "fixtures" under applicable law and, accordingly the Assignor's representations, warranties and covenants with respect to the perfection and priority of the Security interests granted hereunder and with respect to the existence or absence of Liens in any such Tanks are qualified to the extent that (i) a security interest in fixtures can only be perfected by a fixture filing in the real property records under applicable law and (ii) Liens on the Tanks may exist or arise because certain of the Tanks may be deemed fixtures under applicable law.

2.9. Limited Recourse. The parties hereto hereby acknowledge that recourse against the Assignor shall be

limited as set forth in Section 12.15 of the Credit Agreement.

2.10. Trade Names; Change of Name. The Assignor does not have or operate in any jurisdiction under, or in the preceding 12 months has not had nor operated in any jurisdiction under, any trade names, fictitious names or other names except its legal name and such other trade or fictitious names as are listed on Annex F hereto. The Assignor shall not change its legal name or assume or operate in any jurisdiction under any trade, fictitious or other name except those names listed on Annex F hereto and new names established in accordance with the following sentence. The Assignor shall not assume or operate in any jurisdiction under any new trade, fictitious or other name until (i) it shall have given to the Collateral Agent not less than 30 days' prior written notice of its intention so to do, clearly describing such new name and the jurisdictions in which such new name shall be used and providing such other information in connection therewith as the Collateral Agent may reasonably request, and (ii) with respect to such new name, it shall have taken all action, reasonably satisfactory to the Collateral Agent, to maintain the security interest of the Collateral Agent in the Collateral intended to be granted hereby at all times fully perfected and in full force and effect.

ARTICLE III

The Assignor further warrants that it is aware of no significant third party claim that any material aspect of the Assignor's present business operations or reasonable extensions thereof infringes or will infringe any trademark or service mark.

4.2. Licenses and Assignments. Other than the license agreements listed on Annex H hereto, and any extensions or renewals thereof, the Assignor hereby agrees not to divest itself of any right under any significant Mark absent prior written approval of the Collateral Agent.

4.3. Infringements. The Assignor agrees, promptly upon learning thereof, to notify the Collateral Agent in writing of the name and address of, and to furnish such pertinent information that may be available with respect to, any party who is reasonably likely to be infringing or otherwise violating any of the Assignor's rights in and to any significant Mark (other than immaterial infringements or violations), or with respect to any party claiming that the Assignor's use of any significant Mark violates any property right of that party. The Assignor further agrees, unless otherwise directed by the Collateral Agent, diligently to prosecute any person who is infringing any significant Mark.

4.7. Remedies. If an Event of Default shall occur and be continuing, the Collateral Agent may, by written notice to the Assignor, take any or all of the following actions: (i) declare the entire right, title and interest of such Assignor in and to each of the Marks, together with all trademark rights and rights of protection to the same, vested, in which event such rights, title and interest shall immediately vest, in the Collateral Agent for the benefit of the Secured Creditors, in which case the Assignor agrees to execute an assignment, in form and substance satisfactory to the Collateral Agent, of all its rights, title and interest in and to the Marks to the Collateral Agent for the benefit of the Secured Creditors; (ii) take and use or sell the Marks and the goodwill of the Assignor's business symbolized by the Marks and the right to carry on the business and use the assets of the Assignor in connection with which the Marks have been used; and (iii) direct the Assignor to refrain, in which event the Assignor shall refrain, from using the Marks in any manner whatsoever, directly or indirectly, and, if requested by the Collateral Agent, change the Assignor's corporate name to eliminate therefrom any use of any Mark and execute such other and further documents that the Collateral Agent may request to further confirm this and to transfer ownership of the Marks and registrations and any

5.4. Infringements. The Assignor agrees, promptly upon learning thereof, to furnish the Collateral Agent in writing with all pertinent information available to the Assignor with respect to any infringement or other violation of the Assignor's rights in any significant Patent or Copyright (other than immaterial infringements or violations), or with respect to any claim that practice of any significant Patent or Copyright violates any property right of that party. ARTICLE VI

PROVISIONS CONCERNING ALL COLLATERAL

6.1. Protection of Collateral Agent's Security. Except as expressly permitted herein, the Assignor will do nothing to impair the rights of the Collateral Agent in the Collateral. The Assignor will at all times keep its Equipment (including, without limitation, the Railcars, the Vehicles Tanks and Cylinders) insured in conformity with the provisions of Section 7.03 of the Credit Agreement, in favor of the Collateral Agent, at the Assignor's own expense; all policies or certificates with respect to such insurance shall be endorsed to the Collateral Agent's satisfaction for the benefit of the Collateral Agent (including, without limitation, by naming the Collateral Agent as loss payee) and deposited with the Collateral Agent. If the Assignor shall fail to insure its Equipment in accordance with the preceding sentence, or if the Assignor shall fail to so endorse and deposit all policies or certificates with respect there-

to, the Collateral Agent shall have the right (but shall be under no obligation) to procure such insurance and the Assignor agrees to reimburse the Collateral Agent for all costs and expenses of procuring such insurance. After the occurrence of a Default or the continuance of an Event of Default, the Collateral Agent may apply any proceeds of such insurance in accordance with Section 7.4 hereof. The Assignor assumes all liability and responsibility in connection with the Collateral acquired by it and the liability of the Assignor to pay its Obligations shall in no way be affected or diminished by reason of the fact that such Collateral may be lost, destroyed, stolen, damaged or for any reason whatsoever unavailable to the Assignor.

6.2. Further Actions. The Assignor will, at its own expense, make, execute, endorse, acknowledge, file and/or deliver to the Collateral Agent from time to time such lists, descriptions and designations of its Collateral, bills of lading, documents of title (including, without limitation, (x) prior to an Event of Default, copies of certificates of title to the Vehicles and (y) during the continuance of an Event of Default, original certificates of title, and other registration with respect to the Vehicles), vouchers, invoices, schedules, confirmatory assignments, conveyances, financing statements, transfer endorsements, powers of attorney, certificates, reports and other assurances or instruments and take such further steps relating to the Collateral and other property or rights covered by the security interest hereby granted, which the Collateral Agent in good faith deems reasonable, appropriate or advisable to perfect, preserve or protect its security interest in the Collateral.

6.3. Financing Statements. The Assignor agrees to execute and deliver to the Collateral Agent such financing statements (or similar statements or instruments of registration under the law of any jurisdiction), in form acceptable to the Collateral Agent, as the Collateral Agent may from time to time reasonably request or as the Collateral Agent in good faith deems reasonable, appropriate or advisable to establish and maintain a valid, enforceable, first priority perfected security interest (subject to Liens evidenced by Permitted Filings, Liens permitted by Sections 8.01(i) and (ii) of the Credit Agreement and by Sections 8.5A and B of the Senior Note Purchase Agreement and Liens to the extent arising under the Tank Lease) in the Collateral as provided herein and the other rights and security contemplated hereby all in accordance with the Uniform Commercial Code as enacted in any and all relevant jurisdic-

tions or any other relevant law. The Assignor will pay any applicable filing fees and expenses reasonably related thereto. The Assignor authorizes the Collateral Agent to file any such financing statements without the signature of the Assignor where permitted by law.

ARTICLE VII

REMEDIES UPON OCCURRENCE OF EVENT OF DEFAULT

7.1. Remedies; Obtaining the Collateral Upon Default. The Assignor agrees that, if any Event of Default shall have occurred and be continuing, then and in every such case, subject to any mandatory requirements of applicable law then in effect, the Collateral Agent, in addition to any rights now or hereafter existing under applicable law, shall have all rights as a secured creditor under the Uniform Commercial Code in all relevant jurisdictions and may:

(a) personally, or by agents or attorneys, immediately take possession of the Collateral or any part thereof, from the Assignor or any other Person who then has possession of any part thereof with or without notice or process of law, and for that purpose may enter upon the Assignor's premises where any of the Collateral is located and remove the same and use in connection with such removal any and all services, supplies, aids and other facilities of the Assignor; and

(b) instruct the obligor or obligors on any agreement, instrument or other obligation constituting the Collateral to make any payment required by the terms of such instrument or agreement directly to the Collateral Agent; and

(c) withdraw all monies, securities and instruments in the Cash Collateral Account for application to the Obligations in accordance with Section 7.4 hereof; and

(d) sell, assign or otherwise liquidate, or direct the Assignor to sell, assign or otherwise liquidate, any or all of the Collateral or any part thereof, and take possession of the proceeds of any such sale or liquidation; and

(e) take possession of the Collateral (including, without limitation, all original certificates of title and other registrations relating to the Vehicles) or any part thereof, by directing the Assignor in writing to deliver the same to the Collateral Agent at any place or places designated by the Collateral Agent, in which event the Assignor shall at its own expense:

(i) forthwith cause the same to be moved to the place or places so designated by the Collateral Agent and there delivered to the Collateral Agent,

(ii) store and keep any Collateral so delivered to the Collateral Agent at such place or places pending further action by the Collateral Agent as provided in Section 7.2 hereof, and

(iii) while the Collateral shall be so stored and kept, provide such guards and maintenance services as shall be necessary to protect the same and to preserve and maintain them in good condition;

it being understood that the Assignor's obligation so to deliver the Collateral is of the essence of this Agreement and that, accordingly, upon application to a court of equity having jurisdiction, the Collateral Agent shall be entitled to a decree requiring specific performance by the Assignor of said obligation.

7.2. Remedies; Disposition of the Collateral. Any Collateral repossessed by the Collateral Agent under or pursuant to Section 7.1 hereof and any other Collateral whether or not so repossessed by the Collateral Agent, may be sold, assigned, leased or otherwise disposed of under one or more contracts or as an entirety, and without the necessity of gathering at the place of sale the property to be sold, and in general in such manner, at such time or times, at such place or places and on such terms as the Collateral Agent may, in compliance with any mandatory requirements of applicable law, determine to be commercially reasonable. Any of the Collateral may be sold, leased or otherwise disposed of, in the condition in which the same existed when taken by the Collateral Agent or after any overhaul or repair which the Collateral Agent shall determine to be commercially reasonable. Any such disposition which shall be a private sale or other private proceedings permitted by such requirements shall be made upon not less than 10 days' writ-

ten notice to the Assignor specifying the time at which such disposition is to be made and the intended sale price or other consideration therefor, and shall be subject, for the 10 days after the giving of such notice, to the right of the Assignor or any nominee of the Assignor to acquire the Collateral involved at a price or for such other consideration at least equal to the intended sale price or other consideration so specified. Any such disposition which shall be a public sale permitted by such requirements shall be made upon not less than 10 days' written notice to the Assignor specifying the time and place of such sale and, in the absence of applicable requirements of law, shall be by public auction (which may, at the Collateral Agent's option, be subject to reserve), after publication of notice of such auction not less than 10 days prior thereto in two newspapers in general circulation in the City of New York. To the extent permitted by any such requirement of law, the Collateral Agent may bid for and become the purchaser of the Collateral or any item thereof, offered for sale in accordance with this Section without accountability to the Assignor (except to the extent of surplus money received as provided in Section 7.4 hereof). If, under mandatory requirements of applicable law, the Collateral Agent shall be required to make disposition of the Collateral within a period of time which does not permit the giving of notice to the Assignor as hereinabove specified, the Collateral Agent need give such Assignor only such notice of disposition as shall be reasonably practicable in view of such mandatory requirements of applicable law.

7.3. Waiver of Claims. Except as otherwise provided in this Agreement, THE ASSIGNOR HEREBY WAIVES, TO THE EXTENT PERMITTED BY APPLICABLE LAW, NOTICE AND JUDICIAL HEARING IN CONNECTION WITH THE COLLATERAL AGENT'S TAKING POSSESSION OR THE COLLATERAL AGENT'S DISPOSITION OF ANY OF THE COLLATERAL, INCLUDING, WITHOUT LIMITATION, ANY AND ALL PRIOR NOTICE AND HEARING FOR ANY PREJUDGMENT REMEDY OR REMEDIES AND ANY SUCH RIGHT WHICH ASSIGNOR WOULD OTHERWISE HAVE UNDER THE CONSTITUTION OR ANY STATUTE OF THE UNITED STATES OR OF ANY STATE, and the Assignor hereby further waives, to the extent permitted by law:

(a) all damages occasioned by such taking of possession except any damages which are the direct result of the Collateral Agent's gross negligence or wilful misconduct;

(b) all other requirements as to the time, place and terms of sale or other requirements with respect to

the enforcement of the Collateral Agent's rights hereunder; and

(c) all rights of redemption, appraisement, valuation, stay, extension or moratorium now or hereafter in force under any applicable law in order to prevent or delay the enforcement of this Agreement or the absolute sale of the Collateral or any portion thereof, and the Assignor, for itself and all who may claim under it, insofar as it or they now or hereafter lawfully may, hereby waives the benefit of all such laws.

Any sale of, or the grant of options to purchase, or any other realization upon, any Collateral shall operate to divest all right, title, interest, claim and demand, either at law or in equity, of the Assignor therein and thereto, and shall be a perpetual bar both at law and in equity against the Assignor and against any and all Persons claiming or attempting to claim the Collateral so sold, optioned or realized upon, or any part thereof, from, through and under such Assignor.

7.4. Application of Proceeds. The proceeds of any Collateral obtained pursuant to Section 7.1 or disposed of pursuant to Section 7.2 shall, in the sole discretion of the Collateral Agent, be deposited in the Cash Collateral Account and, in any event, be applied in the manner provided in Section 9 of the Intercreditor Agreement.

7.5. Remedies Cumulative. Each and every right, power and remedy hereby specifically given to the Collateral Agent shall be in addition to every other right, power and remedy specifically given under this Agreement, the other Credit Documents, the Intercreditor Agreement, the Senior Secured Notes, the Senior Note Purchase Agreement or any document related thereto or any Interest Rate Protection Agreement now or hereafter existing at law or in equity, or by statute and each and every right, power and remedy whether specifically herein given or otherwise existing may be exercised from time to time or simultaneously and as often and in such order as may be deemed expedient by the Collateral Agent. All such rights, powers and remedies shall be cumulative, and the exercise or the beginning of exercise of one shall not be deemed a waiver of the right to exercise of any other or others. No delay or omission of the Collateral Agent in the exercise of any such right, power or remedy and no renewal or extension of any of the Obligations shall impair any such right, power or remedy or shall be construed to be a waiver of any Default or Event of

Default or an acquiescence therein. No notice to or demand on the Assignor in any case shall entitle the Assignor to any other or further notice or demand in similar or other circumstances or constitute a waiver of the rights of the Collateral Agent to any other further action in any circumstances without notice or demand. In the event that the Collateral Agent shall bring any suit to enforce any of its rights hereunder and shall be entitled to judgment, then in such suit the Collateral Agent may recover reasonable expenses, including attorneys' fees, and the amounts thereof shall be included in such judgment.

7.6. Discontinuance of Proceedings. In case the Collateral Agent shall have instituted any proceeding to enforce any right, power or remedy under this Agreement by foreclosure, sale, entry or otherwise, and such proceeding shall have been discontinued or abandoned for any reason or shall have been determined adversely to the Collateral Agent, then and in every such case the Assignor, the Collateral Agent and each holder of any of the Obligations shall be restored to their former positions and rights hereunder with respect to the Collateral subject to the security interest created under this Agreement, and all rights, remedies and powers of the Collateral Agent shall continue as if no such proceeding had been instituted.

ARTICLE VIII

INDEMNITY

8.1. Indemnity. (a) The Assignor agrees to indemnify, reimburse and hold the Collateral Agent, each Secured Creditor and their respective successors, assigns, employees, agents and servants (hereinafter in this Section 8.1 referred to individually as "Indemnitee," and collectively as "Indemnitees") harmless from any and all liabilities, obligations, damages, injuries, penalties, claims, demands, actions, suits, judgments and any and all costs and expenses (including reasonable attorneys' fees and expenses) (for the purposes of this Section 8.1 the foregoing are collectively called "expenses") of whatsoever kind and nature imposed on, asserted against or incurred by any of the Indemnitees in any way relating to or arising out of this Agreement or the documents executed in connection herewith or in any other way connected with the administration of the transactions contemplated hereby or the enforcement of any of the terms of, or the preservation of any rights under any thereof, or in any way relating to or arising out of the

manufacture, ownership, ordering, purchase, delivery, control, acceptance, lease, financing, possession, operation, condition, sale, return or other disposition, or use of the Collateral (including, without limitation, latent or other defects, whether or not discoverable), the violation of the laws of any country, state or other governmental body or unit, any tort (including, without limitation, claims arising or imposed under the doctrine of strict liability, or for or on account of injury to or the death of any Person (including any Indemnitee), or property damage), or contract claim; provided that no Indemnitee shall be indemnified pursuant to this Section 8.1(a) for losses, damages or liabilities to the extent caused by the gross negligence or wilful misconduct of such Indemnitee. The Assignor agrees that upon written notice by any Indemnitee of the assertion of such a liability, obligation, damage, injury, penalty, claim, demand, action, judgment or suit, the Assignor shall assume full responsibility for the defense thereof. Each Indemnitee agrees to promptly notify the Assignor of any such assertion of which such Indemnitee has knowledge.

(b) Without limiting the application of Section 8.1(a), the Assignor agrees to pay, or reimburse the Collateral Agent for (if the Collateral Agent shall have incurred fees, costs or expenses because the Assignor shall have failed to comply with its obligations under this Agreement or any Credit Document), any and all fees, costs and expenses of whatever kind or nature incurred in connection with the creation, preservation or protection of the Collateral Agent's Liens on, and security interest in, the Collateral, including, without limitation, all fees and taxes in connection with the recording or filing of instruments and documents in public offices, payment or discharge of any taxes or Liens upon or in respect of the Collateral, premiums for insurance with respect to the Collateral and all other fees, costs and expenses in connection with protecting, maintaining or preserving the Collateral and the Collateral Agent's interest therein, whether through judicial proceedings or otherwise, or in defending or prosecuting any actions, suits or proceedings arising out of or relating to the Collateral; provided that the Assignor shall not be required to pay or reimburse the Collateral Agent for any fees, costs or expenses arising from the gross negligence or willful misconduct of the Collateral Agent.

(c) If and to the extent that the obligations of the Assignor under this Section 8.1 are unenforceable for any reason, the Assignor hereby agrees to make the maximum

contribution to the payment and satisfaction of such obligations which is permissible under applicable law.

8.2. Indemnity Obligations Secured by Collateral; Survival. Any amounts paid by any Indemnitee as to which such Indemnitee has the right to reimbursement shall constitute Obligations secured by the Collateral. The indemnity obligations of the Assignor contained in this Article VIII shall continue in full force and effect notwithstanding the full payment of all the Notes issued under the Credit Agreement and all of the other Obligations and notwithstanding the discharge thereof.

10.9. Termination; Release. (a) After the Termination Date (as defined below), this Agreement shall terminate and the Collateral Agent, at the request and expense of the Assignor, will execute and deliver to the Assignor a proper instrument or instruments (including Uniform Commercial Code termination statements on form UCC-3) acknowledging the satisfaction and termination of this Agreement as to the Assignor, and will duly assign, transfer and deliver to the Assignor (without recourse and without any representation or warranty) such of the Collateral of the Assignor as may be in the possession of the Collateral Agent and as has not theretofore been sold or otherwise applied or released pursuant to this Agreement or the Intercreditor Agreement. As used in this Agreement, "Termination Date" shall mean the date upon which the Total Commitment and all Interest Rate Protection Agreements are terminated, and no Note, Letter of Credit or Senior Secured Note remains outstanding, and when all Obligations (other than Obligations relating to indemnities to the extent not previously requested to be paid at the time of the termination of the other Obligations) have been paid in full.

(b) No Collateral shall be released hereunder except in accordance with the provisions of Section 15 of the Intercreditor Agreement and except as expressly permitted by Section 10.9(c) below.

(c) (i) Subject to clause (ii) below, the Collateral Agent hereby authorizes and grants a revocable power of attorney to the Assignor to exercise on behalf of the Collateral Agent the rights listed below with respect to any sale by the Assignor of any Vehicle (whether now owned or hereafter acquired), provided that each such sale is con-

sistent with the Assignor's past business practice (which includes selling obsolete Vehicles) and in the ordinary practice of the Assignor's business:

1. The Assignor may take any and all necessary or appropriate actions (including making all notations or endorsements on any certificate of title for each Vehicle and making all filings and recordings and signing any and all papers in the name of the Collateral Agent) to record or otherwise evidence or signify the Collateral Agent's security interest in, and Lien on, any Vehicle and to release the Collateral Agent's security interest in, and Lien on, any Vehicle to the extent (but only to the extent) necessary to enable the Assignor to sell such Vehicle and to transfer to the respective purchaser good and marketable title to such Vehicle free and clear of the Collateral Agent's security interest in, and Lien on, such Vehicle, provided that the Assignor shall not undertake any action to release the Collateral Agent's security interest in, and Lien on, any Vehicle more than 30 days prior to any such sale and provided further, that if the sale of any Vehicle shall not be consummated within 30 Business Days of the originally scheduled date of sale thereof, such Vehicle shall automatically be subject to the security interest intended to be created by this Agreement and the Assignor shall promptly take all actions required by this Agreement to create, preserve, protect and perfect the Collateral Agent's security interest in, and Lien on, such Vehicle;

2. The Assignor may make any and all necessary filings and registrations to have new certificates of title issued in the name of the Assignor or any purchaser to the extent necessary to enable the Assignor to sell any Vehicle (in accordance with the preceding paragraph number 1) free and clear of the Collateral Agent's security interest in, and Lien on, any such Vehicle.

The Assignor shall, within ten days after the end of each calendar quarter, deliver to the Collateral Agent a report (the "Vehicles Report") indicating (x) Vehicles that have been sold and, accordingly, released from the Lien created by this Agreement since the date of the last Vehicles Report delivered to the Collateral Agent (or, in the case of the first Vehicles Report, the date of this Agreement) and (y) Vehicles that have

been acquired by the Assignor since the date of the last Vehicles Report delivered to the Collateral Agent (or, in the case of the first Vehicles Report, the date of this Agreement). Each Vehicle Report shall include a certification by an authorized representative of the Assignor stating that as of the date of such Vehicles Report, the Collateral Agent's security interest in, and Lien on, all Vehicles, including those Vehicles acquired from the date of the last Vehicle Report delivered to the Collateral Agent (other than the Vehicles identified in such Vehicle Report as sold) is fully perfected and in full force and effect. The Collateral Agent shall execute and deliver to the Assignor a revocable power of attorney in the form of Exhibit 1 hereto for the purpose of enabling the Assignor to exercise the rights listed in paragraph numbers 1 and 2 above.

(ii) The revocable power of attorney granted by the Collateral Agent to the Assignor pursuant to clause (i) above shall be automatically revoked and shall be of no further force or effect forthwith upon the earlier of (x) the occurrence of and continuation of an Event of Default or (y) the Collateral Agent giving written notice to the Assignor, at any time that (i) it reasonably believes Assignor is not complying with the terms hereof or (ii) it deems itself insecure for any reason under any of the Credit Documents, and stating that the power of attorney granted hereby has been revoked and is of no further force and effect.

(iii) Subject to the provisions of clause (ii) above, if requested by Assignor in connection with the sale of any Vehicle, the Collateral Agent will promptly confirm for the benefit of Assignor and the purchaser of such Vehicle that the revocable power of attorney granted by the Collateral Agent to the Assignor pursuant to clause (i) above is still in full force and effect.

10.10. Counterparts. This Agreement may be executed in any number of counterparts and by the different parties hereto on separate counterparts, each of which when so executed and delivered shall be an original, but all of which shall together constitute one and the same instrument. A set of counterparts executed by all the parties hereto shall be lodged with the Assignor and the Collateral Agent.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed and delivered by their duly authorized officers as of the date first above written.
